Subject: CTEH/CST Air Monitoring Data
Date: Monday, April 22, 2013 12:27:24 PM

Tony:

We are still trying to get the data in the format that we need to push into our flex viewer. CTEH is aware of the process based upon our work with them on the Deep Water Horizon Response. They would open a SCRIBE project and push the data into it. Cory with CTEH understands this process and also knows our contact, Eric Delgado. I would appreciate it if you could let me know what we can do to make this happen.

Thanks

Subject: Real-Time Air Monitoring Data Summary (4/21 16:00 - 4/22 04:00)

Tony,

The attached report summarizes CTEH air monitoring activities in support of West, Tx fertilizer plant incident. Please let Wes Killingsworth or I know if you need anything.

Thanks,

Center for Toxicology and Environmental Health, L.L.C
